Much equipment has been received from the recently received Riverboat grant, trailer, shelves, retainers, radios, etc. Shelving and Etrac has been installed, and more work to follow to fit all the equipment in its proper place. Everyone is welcome and encouraged to volunteer help to get this new equipment installed.

Winter Field Day, Jan. 26-27, 2019, setup begins Friday to get trailers and possibly verticals ready. Balance of the setup will be 8 AM Saturday morning, with the event going live at 1 PM. We watched 2 videos of outdoor Winter Field Day events.

Ben moved to adjourn, Steve Seconded, carried at 2020.

Respectfully Submitted,

Wayne Gould, Secretary
