Minutes were presented and approved with a multitude of corrections.

Treasurer's report was presented, discussed and approved.

Steve KR0TZ is now a VE...Congrats, Steve. Becoming registered as a VE was discussed, even General Class can function as a VE with limits. Think about helping.  
Earl 319-530-8660 N0CHN is still in a nursing home currently.

Gary Hartig's death was a blow to Hamfest but both clubs want to continue. The organizers continue to look for ideas for each Hamfest. It will be the first weekend (Sunday) in October.

A Fairfield Ham has several radios to sell. Check with Mark for details. He will also donate a radio to the club.

Field Day 2022. June 25-26 to be held at WCHC again. The wiring on the top of the comm trailer has been damaged...possibly squirrels. We are considering FT8, PSK, phone with several antennas to choose from. Setup will start at 9 am Friday. Saturday morning, we start final setup at 8 am, Field Day opens at 1 pm. Terry will cook again but needs a helper since he has just had Hernia surgery.

Bruce would like to connect the Comm trailer to the Geocaching network. Approved.

Steve moved to adjourn, Bruce second, carried.

Respectfully submitted.

Wayne Gould, Sec.
